

Creative Covers, Inc
Manufacturer of custom covers for outdoor grills, patio furniture,
industrial equipment and more from our USA plant

Phone: (800) 970-0901
Fax: (888) 777-9380
E-mail: sales@creativecoversinc.com
Bridgeview, IL 60455

We are located in the USA
and manufacture all products in the Chicagoland area

UNPARALLELED PERFORMANCE

UV / Fade Resistant

Sunbrella fibers are saturated with highly UV stable pigments. Traditional dyeing methods only add color to the fiber exterior. Sunbrella fabrics' performance characteristics are an integral part of the fabric, not an applied finish that would wash off over time.

Mold / Mildew Resistant

Sunbrella fabrics inherently resist the growth of mold and mildew. To keep your fabrics looking clean, brush off dirt and debris before it gets embedded in the fabric.

Bleach Cleanable

To easily remove tough stains, simply clean Sunbrella fabrics with a bleach solution. Because the color goes to the core of the fiber, the fabrics will not lose their color.

Breathable Comfort

Sunbrella shade fabrics are breathable and allow air to pass through them, creating a comfortable space below.

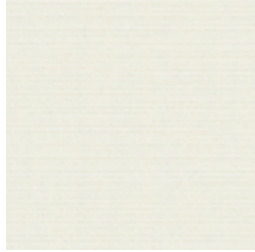

Sun Protection

The Skin Cancer Foundation recommends Sunbrella fabrics in shading products as an aid in the prevention of sun-induced damage to the skin as a part of a complete sun protection regimen, including regular use of sunscreen.
